The affirmative vote of more than 60% of the registered and currently serving committee members physically present at this closed special meeting shall be required to remove an adult leader.
4. Attendance and vote by proxy shall not be permitted at a closed special meeting conducted for removing a registered adult. If the Adult Leader that is the subject of the removal proceedings is a currently serving member of the troop committee they shall be neither counted in determining quorum nor permitted to vote at such meeting.

Individual Scout Accounts

Guidelines & Standards

1. Individual accounts are created within the general accounting structure of Troop general funds, and represent only a restriction on the use of otherwise undivided monies. Individual Scout Accounts do not represent separately held or titled funds.
2. Individual Scout Accounts serve the program goals of the Troop by providing a means for Scouts to learn to earn their own way and to learn to plan and manage finances.
3. An individual account will be created and operated for every active Scout during the entire time that they are active members of the Troop. Any balance that has not been withdrawn from an individual account that remains when a Scout's membership in the troop expires shall be released back into the troop general fund.
4. Individual accounts exist for the purpose of furthering the program goals of the Troop and must be used only with that purpose in mind.

Deposits & Withdrawals

1. Deposits into individual Scout accounts may be made as follows:
 - a. Checks and cash delivered to the troop treasurer and designated for the Scout's account
 - b. That portion of the net income from fundraising activity allocated to the Scout
 - c. Refunds of overpayments of activity fees paid and authorized by the Troop Committee or these by-laws.
2. Withdrawals from individual Scout accounts may be made as follows:
 - a. By application of all or a portion of the balance toward one or more activity fees covering participation by the Scout and/or member(s) of that Scout's immediate family in a program activity operated, conducted or coordinated by this Troop, any other Scout Troop, District, Council, Region or the National Council of the BSA.
 - b. As reimbursement against the purchase of uniform parts, camping gear and supplies appropriate to and for use in the regular program activity of the Troop or any activity described above.
 - c. By transfer directly to the Treasurer or Troop Committee of another Boy Scout Troop upon receiving their certification that the Scout has transferred their registration in the BSA to that Troop, for deposit to the individual Scout account maintained for the Scout in that new Troop.

3. Any withdrawal from a Scout account must be requested in writing and supported by documentation establishing one of the three allowable purposes outlined above, and signed by the Scout's parent or guardian.

Ownership

1. All funds held in individual Scout accounts are the sole and exclusive property of Troop 219 (and its sponsoring organization) and Scouts and Scout Families have no vested ownership interest in any of the funds internally designated by the troop as being part of any individual Scout account.
2. Under no circumstances may funds be withdrawn in cash from an individual Scout account other than as set forth above.

Budget

1. A budget for the upcoming year must be accepted and approved by the Troop Committee prior to the end of each Charter Year, in sufficient time to establish and collect renewal dues prior to the charter renewal date.
2. Once each year in sufficient time for it to be reviewed, discussed, amended or approved as required above, the Troop Committee Treasurer shall present to the Troop Committee a proposed budget for the upcoming year. As part of the development and approval of the budget, the Treasurer shall report the comparison between the prior year's budget and actual results to the committee.

Fundraising Guidelines

1. Troop fundraising activities shall be considered an essential part of the Troop program, irrespective of the financial condition of the Troop.
2. Proceeds of every Troop fundraising activity shall be distributed as determined by the Troop Committee. In the absence of a specific designation for the distribution of the net income from fundraising activities, 25% of such net proceeds shall be added to the unrestricted troop general fund and 75% of such net proceeds shall be distributed among the restricted individual Scout accounts of the Scouts who participated in the activity, pro-rata in proportion to their participation, as calculated by the Troop Committee Treasurer.
3. Every fundraising activity of the Troop shall be administered in compliance with all rules or restrictions imposed by the Boy Scouts of America and/or the Tall Pine Council.

Program Activity Financing

Guidelines & Standards

1. Regular troop program activity is expected to be self-supporting. Activity fees shall be set at such levels as to cover the expected costs of each activity.
2. It is anticipated that it will not be possible to establish program fees that will cause each activity to exactly break even between revenues and expenses, and that

- some events shall produce an excess of revenues and others an excess of expenses.
3. Because individual events cannot expect to exactly breakeven, excess program fees shall not be refunded to participants on a per-activity basis. Rather, on a regular basis but no more often than quarterly nor less often than annually, the Troop Committee Treasurer shall compute and report to the troop committee of the aggregate of the results of all troop activities since the last reconciliation.
 4. In the event that the troop has, taken together, failed to collect sufficient revenues to cover all of the activity expenses, the troop shall absorb the excess expenses from its general funds.
 5. In the event that the troop has collected excess fees taken together, the Treasurer shall recommend an appropriate disposition of the excess fees among Scout accounts and the troop general fund to the troop committee who shall determine the final disposition.

Adult Leader Participation and Fees

1. While it is not expected that the cost of attending troop activities shall be excessive, the troop must recognize the substantial effort expected from and responsibility placed upon the adult leader(s) in charge.
2. For each program activity except summer camp, a minimum number of required adult leaders shall be established by the Scoutmaster. Every troop activity shall require at least two adult leaders; at least one being over age 21; and at least one being a registered adult.
3. Program fees for youth Scout and additional adult leader participants shall be established so that the participation fees for all required adult leaders are covered by the participation fees charged to the other youth and adults attending. Any required adult may waive any or all of the troop payment for their participation fees. All Scouts attending and all adult leaders exceeding the required minimum number, attending each event shall be responsible for the full payment of the activity fee in advance of attendance.
4. Required adult leaders shall be determined first as the two leaders listed on the tour permit. Additional required leaders shall be determined first from registered Assistant Scoutmasters attending, then registered Troop Committee members attending, then unregistered adults in ascending order by age of their son attending, beginning with the youngest Scout until all required adults have been individually identified.
5. Summer Camp program fees for the Scoutmaster or his designated weeklong alternate shall be paid from troop general funds or from Council incentives as available. All other adults attending summer camp shall pay their own fees in full.

Camperships

1. The Troop Committee may authorize the payment of some part of all camping or activity fees on behalf of any youth Scout members who have demonstrated financial hardship, within the financial means of the troop.
2. Financial Assistance must be requested by the parent or guardian of the Scout, but may be suggested to any Scout, parent or guardian by any registered or unregistered adult leader of the troop who comes on information that would make such suggestion appropriate.
3. Financial assistance shall be requested at such time and in such manner as the Troop Committee Treasurer shall determine. Requests for camperships shall be considered and approved by a temporary committee established for this purpose by the Committee Chair. All information submitted or requested in support of a campership shall be kept confidential within the temporary committee.
4. The Troop Committee as part of the annual budget process shall appropriate total funds available for financial assistance. Requests for financial assistance within the amounts so budgeted shall not require review of the Troop Committee.
5. In the event that requests for financial assistance exceed the amount budgeted, the Troop Committee shall at a regular or special meeting, review the requests and determine if additional funding will be provided, or if requests will be only partially met.

4. A youth Scout member of the troop presenting himself to a Board of Review for advancement shall be in full Scout uniform. The members of the Board of Review shall be the sole determinant of whether the Scout is in acceptable uniform and may refuse to hold the Board of Review for a Scout who does not properly present himself.
5. Decisions of a Board of Review for any rank advancement must be unanimous. If a Scout does not pass a Board of Review, he must be advised of the reasons he did not pass and of the actions that he must take in order to improve his performance.
6. Any adult involved with the Troop may call for a Board of Review for a youth Scout member who has stalled in the advancement process, to determine the reason and attempt to assist that Scout, and/or identify problems with the delivery of the program objectives of the Troop.
7. Boards of Review for the rank of Eagle Scout shall be scheduled in consultation with the District Advancement Chair, and the Eagle Scout candidate. The District Advancement Chair shall preside over the operation of the Board of Review for the rank of Eagle Scout.
8. Every Board of Review shall, among other things, attempt to secure important information about the operation of the troop program from Scouts who present themselves to such Board, and members of Boards of Review shall report to the Troop Committee of any significant issues or trends observed from such inquiry.
